

Transportation Planner
San Francisco, CA

About JUMP

[JUMP](#) (a Social Bicycles project) is building the future of urban mobility: shared electric bikes that are the quickest, most enjoyable, and most empowering way to get around a city. Cheaper than most public transit and faster than cars in traffic, JUMP e-bikes are game-changers for local transportation. JUMP currently has systems in the San Francisco Bay Area and Washington DC, and we have plans to expand to at least five major US cities in the next year. Our goal is to transform cities, making them more sustainable, equitable, and livable through electric mobility.

To make this vision a reality, we need to grow our team. We place tremendous value on our company's roots and culture: a mix of ingenuity, controlled chaos, hard work, and sense of purpose. This is a great opportunity to join a rapidly growing team shaping the future of transportation.

About the Role

We are currently seeking Transportation Planner to help manage and grow our electric bike share fleets on the west coast. JUMP seek a professional planner who is passionate about making cities a better place to live and bike, cares about customer service, and can help us continually improve our programs. As Transportation Planner you will coordinate and be responsible for creating site drawings, station wayfinding maps, and coordinating local onsite fieldwork staff. You'll be instrumental in building standard operating procedures, planning, and implementing JUMP bike share systems. You will be working closely with the JUMP graphic design team, project management as well as municipal staff across several cities in a fast-paced environment.

Responsibilities

Assist in all aspects of pre-launch activities, including:

- Planning project system areas
- Siting traditional stations and JUMP charging stations
- Creation of station site drawings
- Coordinating and assisting with permit applications
- Creating way-finding maps for new SoBi/JUMP systems
- Overseeing and coordinating local fieldwork staff
- Managing and tracking potential station sites
- Working and coordinating with local municipal agencies
- Conducting business and community outreach
- Must be willing to travel

Experience and Skills

- Experience: 2+ years of relevant work experience
- Education: College degree in urban planning, GIS or related field. Advanced degree a plus.
- Communication: Able to communicate and listen effectively; great written, verbal and presentation skills.
- Proficient in ArcGIS and AutoCad a must
- Experience with Adobe Illustrator and InDesign
- Familiar with MapBox and/or other open source mapping tools
- Required: Proficient experience in AutoCAD, ArcGIS, Adobe Illustrator, InDesign, MS Word, MS Excel, Google Docs
- Preferred: Familiar with MapBox and/or other open source mapping tools, basic electrical engineering knowledge
- Passion: Passionate about the overall goals of bike share and sustainable transportation.

Job Type: full-time

Compensation: Commensurate with experience

Please submit your resume, cover letter, and portfolio/work samples to jobs@jumpmobility.com

Equal Opportunity Employer

It is the policy of Social Bicycles (SoBi) to provide employment opportunities without regard to race, color, religion, creed, ethnicity, national origin, alienage, citizenship status, age, marital status, partnership status, disability, sexual orientation, gender (sex), military status, prior record of arrest or conviction (except as permitted by law), predisposing genetic characteristics, or status as a victim of domestic violence, sexual offenses and stalking, and to maintain an environment free of harassment on any of the above-noted grounds, including sexual harassment or retaliation. SoBi strongly encourages diverse candidates to apply.
